Answer Key & Explanations

1. **B** — This is a warning of a sharp turn (a 90° or hairpin turn) ahead. Reduce speed before entering the turn.
2. **B** — This is the “Cul-De-Sac” sign (ID-31).
3. **B** — This warns of a railway crossing ahead. Slow down and be ready to stop for trains.
4. **B** — A red circle and slash over a left-turn arrow means left turns are prohibited at this intersection.
5. **B** — This is the “Bridge Construction Ahead” sign (WD-101B).
6. **B** — Green signs give guidance: destinations, distances, and directions. They help you navigate but do not impose rules.
7. **B** — This is the “Fire Truck Entrance On Right” sign (WC-17-R).
8. **C** — This is the “Highway Maintenance Contractor” sign (ID-120-HWY-MAINT-CONTRACTOR).
9. **B** — Vehicles already in the roundabout have the right-of-way. Yield to circulating traffic before entering.
10. **True** — Return to your lane only after you can see the vehicle you passed in your rear-view mirror, so you don't cut it off.
11. **True** — Alberta law requires you to wear your seat belt, properly fastened. Seat belts save lives and reduce injuries.
12. **B** — You must come to a full stop about 20 metres (four to five car lengths) from the bus, so following drivers can see the lights and any students crossing.
13. **B** — On an undivided road, traffic in BOTH directions must stop for a school bus with flashing red lights, and remain stopped until the lights stop flashing.
14. **True** — Headlights are required at night and in low-visibility conditions so you can see and be seen.
15. **B** — Flashing amber lights warn that the bus is about to stop and the alternating red lights will begin flashing. Be ready to stop.
16. **B** — Use the ramp to accelerate to the speed of highway traffic, then merge smoothly into a gap. You yield to traffic already on the highway.
17. **True** — Vehicles entering from a driveway, alley, or private road must yield to traffic on the roadway and to pedestrians on the sidewalk.
18. **B** — On a divided highway, only traffic behind the bus (same direction) must stop. On an undivided road, both directions stop.
19. **B** — A left-turning driver must yield to oncoming traffic going straight or turning right. Wait for a safe gap.
20. **False** — Merging drivers must yield to highway traffic and adjust speed to fit a gap. Highway traffic is not required to slow for you.
21. **B** — Pull over to the right edge of the road and stop, clearing the way. Do not stop in an intersection.
22. **B** — Mirrors don't cover blind spots. Always shoulder-check by turning your head before changing lanes or merging.
23. **B** — Ease off the accelerator and steer gently in the direction you want the front of the car to go. Avoid hard braking, which can worsen a skid.
24. **True** — Snow and ice greatly increase stopping distance. Increase your following distance to 4 seconds or more in winter.
25. **C** — Tricks like fresh air or caffeine wear off quickly. The only reliable fix for fatigue is to stop and rest.
26. **B** — At night, travel slowly enough that you can stop safely within the distance lit by your headlights.
27. **B** — You must be at least 14 years of age (with parental consent if under 18) to obtain a Class 7 learner's licence.
28. **B** — Failing to remain at the scene of a collision carries 7 demerit points — the highest on the standard table.
29. **C** — Careless driving is a 6-demerit-point offence in Alberta.
30. **True** — GDL drivers must maintain a zero blood-alcohol concentration. Any alcohol can lead to suspension.
